Lazy Commissions - Quickstart Checklist

In order to get started right away, follow exactly these steps in order:

1. **Request your affiliate link** for Lazy Commissions - [Click Here](#)
2. **Make a copy** of the following document: [Click Here](#) (don't try to edit the original document, that won't work. You need to first 'make a copy' of the document.)
3. **Replace the link** (<https://lazycommissions.com>) with your approved affiliate link from Step 1.
4. (Optional): Change any other parts of the document and make it your own.
5. Share your document

Who Can I Share My Document With?

You'll learn the exact ins and outs of free traffic generation through traffic-pulling and high-converting product reviews within the Lazy Commissions training.

In addition, you can check out the top 3 free traffic sources that the pros & super affiliates use every day right here: [Traffic Endgame](#) - \$0.00

But in order to **get started immediately** with making your first commissions, **you can share your document in the following places and with the following people:**

- Anyone who you know who could use an extra \$100/day from a side-hustle
- Anyone who wants to make (more) money online
- Anyone who wants to learn professional affiliate marketing
- Anyone who frequently buys (or has bought) courses on any of the following topics:
 - affiliate marketing
 - making money online
 - business opportunities (bizopp)
 - "Done-For-You" money-making schemes and systems
 - working from home
 - building an online business
 - traffic & lead generation
 - email marketing
- Struggling online business owners of other online business models
- Struggling online or new affiliate marketers
- People with similar interests in groups on Facebook, LinkedIn, or any other social media platform
- Any traffic safelist or mailer site, traffic exchanges, downline-builders, and similar sites

Keep the following in mind:

You have a **major advantage** over most other affiliates and online marketers!

Because:

Your valuable, very helpful offer is completely free of charge! (on the front end)

So you're NOT trying to sell an outdated, useless, cheaply, and quickly produced course or PLR document that contains methods that stopped working a long time ago, like so many unsuccessful, struggling marketers do.

Instead, **what you have to share is extremely valuable and powerful information** in the hands of any person who's new to making money online or struggling with making ends meet.

Lazy Commissions provides real **value first** and represents an **excellent starting point** for anyone trying to make professional affiliate marketing work.

And if you want to take things to the next level, check out the [Secret Affiliate Insider](#).

That's the place where we (a bunch of friendly, professional, and experienced marketers) hang out online during the day... (and sometimes even at night! ;-)

Stay awesome,

Tim
